

PASTIGLIE IN CERAMICA "CE"

Le pastiglie freno in ceramica sono una moderna e avanzata soluzione per il sistema frenante dei veicoli.

Realizzate principalmente con materiali ceramici, queste pastiglie offrono prestazioni superiori in termini di resistenza all'usura, dissipazione del calore e riduzione del rumore durante la frenata.

Grazie alla loro composizione innovativa, le pastiglie freno in ceramica garantiscono una guida più sicura e confortevole, con una minore emissione di polveri e una maggiore durata rispetto alle pastiglie freno tradizionali.

I codici delle pastiglie in ceramica terminano con "CE"

CERAMIC FORMULA

CERAMIC BRAKE PADS "CE"

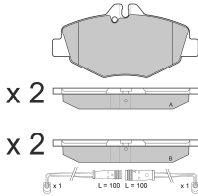

Ceramic brake pads are a modern and advanced solution for vehicle braking systems.

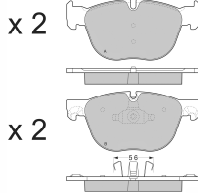

Made primarily from ceramic materials, these pads offer superior performance in terms of wear resistance, heat dissipation, and noise reduction during braking.

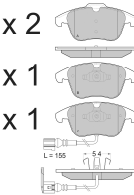

Thanks to their innovative composition, ceramic brake pads ensure a safer and more comfortable driving experience, with lower dust emissions and longer lifespan compared to traditional brake pads.

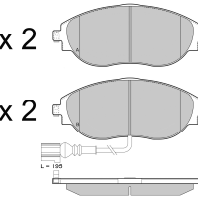

The codes for ceramic pads end with "CE".
